

3M™ Scotch-Weld™ Plastic and Rubber Instant Adhesive PR100

World's Heaviest Lift with Glue

With 3M™ Scotch-Weld™ Plastic and Rubber Instant Adhesive PR 100, just a single drop per square inch bonds several thousand pounds of holding power. No wonder we broke a world record!*

3M Scotch-Weld Plastic and Rubber Instant Adhesive PR 100, a solvent-free cyanoacrylate, reaches handling strength with hundreds of material combinations in just 5 to 10 seconds and reaches 80 percent of its full strength in just an hour.

3M Scotch-Weld Plastic and Rubber Instant Adhesive PR 100 offers a number of user-friendly qualities:

- A super fast cure
- Low odour
- High temperature resistance
- The ability to bond to plastics and hard-to-bond rubbers

3M Scotch-Weld Plastic and Rubber Instant Adhesive PR 100 delivers exceptional strength. If you're looking for an adhesive for the heavy load, then consider an adhesive recognized by Guinness World Records® for the world's heaviest lift with glue.
